

MULTIPLE TRIMLESS 2LX AR111

Twenty years after its initial launch, Multiple is still a coveted fitting. The versatile Multiple leaves nothing to the imagination with the technology on full display, allowing this fitting to fit well into both a minimalist and an industrial-chic environment. The gimballed system allows you to direct the light source at any angle of your choice. Available in a recessed version (Multiple trimless) or for surface mounting in a sleek aluminium housing (Multiple surface). Mini-multiple is a smaller recessed version, which is available trimless or with a trim.

Art. Nr. 10360209
