## SUSPENCE™ P1.5 SEDUCTIVE SIMPLICITY

Simplicity at its best, the iconic Suspence™ lamp continues to be a symbol of understated Nordic elegance.

Now introduced in new colours and a new size, the lamp's harmonious design allows it to seamlessly blend in with any style and any room.

## SEDUCTIVE SIMPLICITY

Simplicity and serenity are keywords when it comes to the Suspence™ lamp design. The lamp, now introduced in a new medium size in new colours, contains only a few elements seamlessly connected to each other and the result has a harmonious and calm appearance which reflects the famous Nordic lifestyle.

With Suspence™, the Danish-Italian design duo GamFratesi have created a lamp where aesthetics, functionality and luxury meet. The inspiration for the lamp series was the translation of a movement into a physical form and the shape of the lamp has been created by a soft pull, visually and physically connecting the cord with the shade. An infinity diffuser at the bottom of the lamp concentrates the light, prevents glare and creates an elegant optical illusion.

GamFratesi, 2013

## UPDATED PENDANT SERIES

The Suspence™ series includes a pendant version in three different sizes, P1, P2 and now added to the family, a medium sized P1.5 and an exceptional floor version, the Suspence™ Nomad, which can be moved around playfully in any room.

The two new tones for the Suspence™ pendant are both calm and matt in appearance, but they each tell their own story.

Powder burgundy is reminiscent of chocolate milk and has an ability to express warmth and sophistication in modern interior stylings. Pale pearl is the essence of light and softness, and its eggshell nuance brings tranquillity to any room.

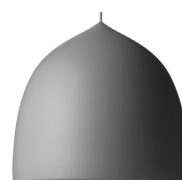

Suspence™ P1.5 is also offered in the standard colour Light grey.
