

TIP WALL LAMP – EU VERSION

JENS FAGER ON THE DESIGN "The Tip Wall Lamp is a simple and friendly light with a uniquely architectural silhouette. During the design process, I wanted to give a smooth finish to its every detail, enhancing the lamp's functionality while giving its molded aluminum body a clean and archetypal look, highlighting its emphasis on quality. I wanted to reduce the lamp's design to the very essence of its purpose—creating a design that was easily understood and integrated into daily life."
