

MULTIPLE TRIMLESS FOR 2X LED GE

An oldie but Multiple is still a coveted luminaire, even after twenty years. The versatile Multiple leaves nothing to the imagination with the technology on full display, allowing this luminaire to fit well into both a minimalist and an industrial-chic environment. The gimbaled system allows you to direct the light source at any angle of your choice. The 'AR111' recessed variants can also be combined with the new M-LED 111.
