

SOLID PETIT 2.0

INSTALLATION INSTRUCTIONS | JUNE 2020

DIMENSIONS

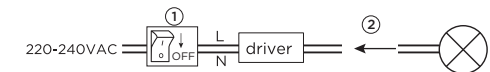

MOUNTING INSTRUCTION

- 1 Assemble the LED module and housing firstly.
- 2 Mount the base plate to the ceiling with screws (screws are not included).
- 3 Push the springs up and insert the assembled light in the luminaire tube body.
- 4 **POWER CONNECTION**
Connect to 220-240V.  |  Connect to the driver.
- 5 Attach the tube to the mounting base by sliding it over completely against the ceiling.

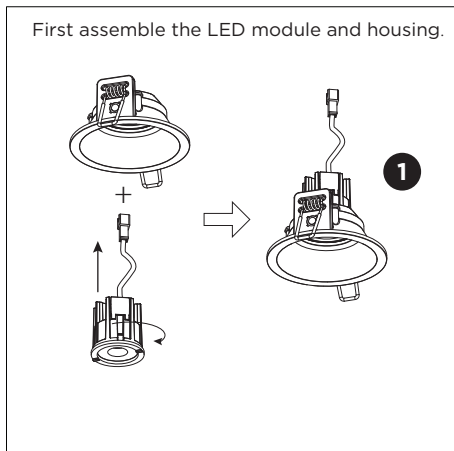

Driver must be powered off before connecting cables.

Before connecting the luminaire/LED module to the driver please make sure the driver is not powered but disconnected from the mains. The driver can only be powered when the luminaire/LED module is already connected. Disregarding this instruction might damage or even destroy the luminaire/LED module.
